Dear Guest,

We look forward to welcoming you aboard your 12-Night Ultimate Caribbean Cruise departing from Fort Lauderdale on January 14, 2018, but first we have important updates to share with you before we set sail.

As you're likely aware, several Caribbean islands are still in the process of recovering from recent storm damage, so we've had to make changes to your itinerary to ensure you have the best vacation possible.

First, although Puerto Rico is working diligently to recover from the storms, we'll be unable to spend an overnight in San Juan. You'll still have the opportunity to visit this incredible island with a full day visit on Wednesday, January 17.

The island of St. Maarten was significantly affected, and though the cruise terminal has recently reopened, marking an important step in the rebuilding process, we believe the island is not yet ready to receive Celebrity guests. To that end, we'll be replacing your visit to St. Maarten with a visit to the stunning island of St. Thomas to ensure you have the best possible vacation experience.

The island of Dominica also had significant damage and is not yet ready to accept visitors, so we're replacing your visit there with a stop in the charming island of Antigua.

Due to these modifications to your itinerary, we had to move the day you'll visit St. Lucia as well as the time you'll arrive in Grenada.

We're arranging a wide variety of in-depth shore excursions for you to choose from in St. Croix and Antigua. Once we have them finalized, we'll send you all the details you need to plan your excursions and book them before you sail.

If you had shore excursions booked in St. Juan on Tuesday, January 16 or in St. Maarten or Dominica, you'll automatically receive a full refund back to the original form of payment. If you have shore excursions booked in St. Lucia, there's nothing you need to do; we'll transfer the excursions to the day you'll be visiting that port.

For your convenience, we've included your current itinerary and your newly revised itinerary below.
