Dear Guest:

We look forward to welcoming you aboard Celebrity Eclipse® on May 9, 2019, for your 10-night Ultimate Alaska cruise. But first, we have an update to share regarding our itinerary.

We're always looking for ways to create the best possible vacation experiences, and we've just received approval from Tongass National Forest to visit Endicott Arm and Dawes Glacier in place of Tracy Arm during your itinerary. Standing at over 200 feet tall, Dawes Glacier is an awe-inspiring sight with another 250 feet of glacier hidden below water.

Both of these fjords provide majestic glacier-viewing experiences, but Endicott Arm is wider than Tracy Arm, so it's less susceptible to floating ice. This modification does not affect the overall schedule or any shore excursions you may have booked.

The rest of our itinerary, updated here for your convenience, remains as scheduled.
