Dear Guest,

We're excited about your 14--Night Canada and New England Cruise, departing Cape Liberty, New Jersey on September 8th, and we look forward to welcoming you on board.

Before we set sail, we have some important itinerary updates to tell you about. The Canadian Government has issued a speed restriction in the Gulf of St. Lawrence to protect the Right Whales during their southern migration. As we pass through the area, you may see some of these tremendous animals as they make their way south.

Due to this restriction, we'll be arriving in Quebec City on Sunday, September 15th later than scheduled. However, we are happy to advise you will still enjoy a full overnight in this dynamic city. The rest of our itinerary will remain as planned.

For your convenience, we've included the original and revised itineraries below.
