

TIPS TO MANAGE YOUR MOBILE DATA USAGE WHILE ROAMING ON CRUISE SHIPS

Manage your apps

Knowing which apps consume the most data prior to traveling can help you avoid unexpected charges.

Stream Smart

Streaming content is extremely data intensive. Download content prior to setting sail.

Track your usage

Track your cellular data usage with your device's auto-check feature located within "Settings".

Disable email auto-check

Switch your phone's email settings from "Push" to "Fetch."

Data usage with messaging apps

While on board, all calling and messaging apps are treated as data rather than as text messages.

Leverage Cellular and Wi-Fi usage

Leverage both Wi-Fi and your cellular plan together for the ultimate connectivity.

Below are some general guidelines for the estimated amount of cellular data used per service:
