Dear Guest,

We look forward to welcoming you aboard Celebrity Solstice® for your 13-Night New Zealand Cruise departing Saturday, January 25th, 2020 from Sydney, Australia. Before your arrival, we would like to make you aware of some important information.

Unfortunately, ongoing bushfires in the region have caused a blanket of smoke to form over the city which has greatly impacted the air quality. Rest assured, the health and wellbeing of our guests and crew is our number one priority. We are therefore closely monitoring the Air Quality Index (AQI) for Sydney and will continue to share all local and embassy health recommendations.

If you have made any, pre or post cruise, hotel arrangements through Celebrity, you can take comfort in knowing these properties have air purification systems. Currently, sightseeing is still possible from tour buses, which will allow guests to choose their outdoor exposure based on their personal comfort levels. When in impacted areas, those with asthma and other respiratory diseases should carry their medications with them at all times. Additionally, protective masks will be available for guests to use.

We will continue to provide you additional updates as needed. Once again, we look forward to welcoming you aboard the Celebrity Solstice and providing you an unforgettable vacation.

Sincerely,

Celebrity Cruises
